

## *Community Connection* Road-show Visits Cosgrove

Villagers in Cosgrove and surrounding villages can get free gifts and advice from a range of service providers, as well as meet their Parish Council and representatives of activities which go on in the village at a Community Connections event at the Village Hall, on Thursday July 8th between 3.00 pm and 5.00 pm.

*Community Connections* brings together a range of local groups that contribute to and enrich the lives of the residents of Cosgrove and neighbouring villages, together with representatives from the Police, Fire Service, Health, Care and Repair, South Northants Council and South Northants Homes.

Barron Walton from snvb, who promote the event, says, "We are excited about this latest development to the Safe 'n Sound project making this a really informative event. Together, we hope to encourage householders in South Northamptonshire to take measures which will help them feel warmer and safer in their own homes and get more involved in their village."

The drop-in event will have a wide appeal as visitors will be able to meet Safe 'n Sound partners to find out what services they provide as well as representatives from local groups to hear about activities in their village. There will be a range of free equipment on offer as well as free refreshments!

If you would like further information about the event or the Safe 'n Sound project contact Barron Walton on 01280 841250.

snvb is the local third sector support organisation for the voluntary sector in South Northamptonshire and Daventry. snvb runs the Safe 'n' Sound project which is part of the countywide Home Safety Referral programme "County Safe"
